SUMMARY

Developer with more than two years of experience, I have already worked in many e-commerce projects using platforms such as VTEX (Certified), Magento and OpenCart using technologies like React, TypeScript, GraphQL and PHP.

At the moment I am in the 5th period of my Computer Science degree and I'm looking for a place where I can work with new technologies and have contact with professionals who I can learn, teach and change the world.

EDUCATION

Computer Science - UNASP

2020 – 2023

Computer Technician - UNASP

2017 – 2019
